# **INDEPENDENT AUDITORS' REPORT**

Honorable Mayor and City Council City of West Plains West Plains, Missouri

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, and each major fund of the City of West Plains, Missouri, as of and for the year ended March 31, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

# Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, and each major fund of the City of West Plains, Missouri, as of March 31, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

# **Other Matters**

# Prior-Year Comparative Information

We have previously audited the City's 2018 financial statements, and we expressed unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, the discretely presented component units, and each major fund information in our report dated August 18, 2018. In our opinion, the summarized comparative information presented herein as of and for the year ended March 31, 2018, is consistent, in all material respects, with the audited financial statements from which it has been derived.

# Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information and pension information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance.

## Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of West Plains, Missouri's basic financial statements. The Other Financial Information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Audits*, and is not a required part of the basic financial statements.

The Other Financial Information and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 5, 2019, on our consideration of the City of West Plains, Missouri's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of West Plains, Missouri's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The management's discussion and analysis of the City of West Plains' financial performance provides an overview of the City's financial activities for the fiscal year ended March 31, 2019. Please read it in conjunction with the City's financial statements, which begin on page 16.

# Financial Highlights

- The net position of the City's governmental activities increased by \$2,431,304 as a result of current year activities. The net position of the City's business activities increased by \$2,412,602 for the year.
- The assets of the City exceeded its liabilities as of March 31, 2019, by \$106.9 million (net position). Of this amount \$26.6 million was unrestricted and may be used to meet future obligations of the City.
- Total long-term liabilities of the City decreased by \$2.0 million.
- Grant activity was minimal in FY2019. Grant funding made a major sidewalk improvement project possible. Grant funds also built and provided equipment for a fire training tower to assist area firefighters.
- In this fiscal year, much of the City's time and resources were devoted to completing damage repair from the April 2017 flood, working on the grant projects listed above, and providing the services that make the City of West Plains a great place to live and visit.

# Using This Annual Report

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements tell how these services were financed in the short-term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds.

## Government-Wide Financial Statements

One of the most important questions asked about the City's finances is, "Is the City as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. These two statements report the City's net position and changes in it. The City's net position – the difference between assets and liabilities – is one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating.

In the Statement of Net Position and the Statement of Activities, we divide the City into two kinds of activities:

- Governmental Activities Most of the City's basic services are reported here. Taxes are the primary source of financing for these activities.
- Business-Type Activities The City charges a fee to customers to help it cover all or most of the cost of certain services it provides. The City's utility services are provided here.

# Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds and not the City as a whole. However, the City Council establishes many other funds to help it control and manage money for a particular purpose or to show that it is meeting legal responsibilities for using certain taxes and grants.

- Governmental Funds Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The differences between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and the governmental funds are shown in a reconciliation following the fund financial statement.
- Proprietary Funds When the City charges customers for the services it provides whether to outside customers or to other units of the City these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities.

## Notes to the Basic Financial Statements

The Notes to the Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

#### **Governmental Activities**

Governmental activities increased the net position of the City by \$2,431,304. Tax revenues for the City were \$11,032,411, which represents 75% of the funding of these activities. Program revenues for the functions totaled \$3,244,183 or 22% of the funding. The following table shows the cost of the City's nine largest programs as well as each programs' net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the taxpayers by each of these functions.

## NET COST OF THE CITY OF WEST PLAINS' TEN LARGEST GOVERNMENTAL ACTIVITIES

	\$ 12,209,894	\$ 8,965,711		

## **Business-Type** Activities

Business-type activities increased the City's net position by \$2,412,602. This is up from the increase received in the prior year from the City's business-type activities. The increase in the prior year was \$1,891,982.

# Financial Analysis of the City's Funds

The combined fund balances of the City's governmental funds as of March 31, 2019, were \$10,454,590. The General Fund decreased by \$312,662. The Tax Increment Financing #1 Fund increased \$93, Tax Increment Financing #2 Fund did not change, and Tax Increment Financing #3 Fund increased by \$122,502.

# General Fund Budgetary Highlights

Differences between the original and the final amended budget can be summarized as follows:

The original budget is prepared and approved prior to the beginning of the fiscal year. The budget is reviewed and amended each year at the mid-year mark and as necessary. Department heads recommend changes to budgeted expenditures as administration evaluates the revenue sources for necessary amendments. This information is reviewed by the City Administrator as to the effect the changes will have on expected cash flow. The amended budget is prepared and presented to Council for approval by ordinance in September at a public meeting.

The original General Fund revenue budget of \$12,678,806 was not amended during the year.

The original General Fund expense budget of \$15,677,857 was not amended during the year.

## Capital Asset and Debt Administration

## **Capital Assets**

Capital assets of the governmental activities were \$39.4 million (net of accumulated depreciation) as of March 31, 2019. This represents a \$1,717,302 net increase from the prior year due primarily to current year additions being greater than current year depreciation. Capital assets for business-type activities were \$44.4 million as of March 31, 2019. This represents a \$92,696 increase from the prior year due primarily to current year depreciation being less than current year additions.

## **Debt Administration**

Total debt of the governmental activities as of March 31, 2019, was \$5.4 million, which is down \$865,426 from the prior year. The net decrease is due to the annual debt service payments.

Total debt of the business-type activities as of March 31, 2019, was \$6.4 million, a decrease of \$926,708 from the prior year. This is primarily due to principal payments on the City's revenue bonds and certificates of participation.

## Economic Factors and Next Year's Budget

The largest consideration for the governmental-type activities budget is given to anticipated sales tax revenue. FY2019 sales tax revenue was originally budgeted to be flat with the prior year actual results, and was left the same at amendment.

There is some positive economic factors affecting the City in the next fiscal year. The largest employer in the area, Ozarks Medical Center, began a \$70+ million expansion to their main campus. With that, the City is looking at some opportunities to create efficiencies in how traffic flows around their campus and throughout that area of the City. Additionally, another major employer in the area, DRS, is moving forward with building a new multi-million-dollar administration building as part of their campus. Furthermore, there are also some major grant projects in which the City is moving forward. Grant funding for four stormwater retention basins was approved and work is beginning on these basins. West Plains was selected as one of five participant zip codes able to utilize funds from a \$58 million grant aimed meeting affordable housing needs left after the April 2017 flood. The City is also working to find available funding for a new railroad overpass at Independence Ave. and Luna Dr. With everything going on, FY2020 will require close monitoring to ensure funds are spread efficiently and equitably to the City departments.

Voters passed an increase to the Hotel/Motel tax at the beginning of FY2020. These tax revenues will fund tourism and economic development for the City. The anticipated impact of this tax was reflect in the FY2020 budget.

For business-type activities, the City Utilities is moving forward on a <u>multi</u>-year plan to upgrade our metering system in order to create efficiencies in our Utility administration. City Utilities entered into long-term power purchase agreement that involves an external entity building a large solar farm on the old landfill site owed by the City. Land was acquired to move forward with expansions to our electrical network. Planning efforts are being performed to identify the best implementation for future electric substation and network needs. City Utilities is also in the initial planning phases of identifying future water treatment and wastewater treatment needs and determining the best approach going forward to meet these future needs. The City will continue to review our needs and the service capacities of all facilities to in order to provide the needed utility services our citizens have come to depend on.

# CITY OF WEST PLAINS, MISSOURI RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES Year Ended March 31, 2019

Net change in fund balances - total governmental funds	\$ (190,067)
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of these assets is allocated over their estimated useful lives on a straight line basis and reported as depreciation expense. The following is the detail of the amount of the change:	
Capital outlay	4,540,088
Depreciation	 (2,822,786)
	1,717,302
Some revenues reported in the governmental funds represent current financial resources	
and are recognized in the Statement of Activities when earned.	(20,736)
The issuance of long-term debt provides current financial resources to governmental funds. The repayment of the principal of long-term debt is a use of current financial resources of governmental funds. In the Statement of Activities, interest is accrued on outstanding debt whereas in the governmental funds, an interest expenditure is reported when due. The following is the detail of the net affect of these differences:	
Capital lease proceeds	(85,575)
Repayment of principal on COPs and leases	933,755
Accrued interest payable	 (9,177)
	839,003
Some expenditures reported in the governmental funds represent the use of current financial resources and are recognized in the Statement of Activities when incurred.	
Change in compensated absences	17,246
Change in pension related costs	 68,556
	85,802
Change in net position of governmental activities	\$ 2,431,304

# NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City operates under a Council/City Administrator form of government. The City provides the following services as authorized by its charter: public safety (police and fire), streets, culture-recreation, public improvements, planning, and general administrative services. Other services include water, sewer, electric, and refuse operations.

The accounting policies of the City conform to accounting principles generally accepted in the United States of America as applicable to governments. In accordance with GASB Section 1600.131 (Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting), the proprietary funds apply Financial Accounting Standards Board (FASB) pronouncements, Accounting Principles Board (APB) opinions and Accounting Research Bulletins (ARBs) issued on or before November 30, 1989, except those pronouncements that conflict with or contradict GASB pronouncements, in which case, GASB prevails. The following is a summary of the more significant policies.

# Financial Reporting Entity

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. Financially accountable means the primary government is accountable for the component unit and the primary government is able to impose its will or the component units can be other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements. In addition, component units can be other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The City is a primary government, which is governed by an elected board. As required by accounting principles generally accepted in the United States of America, the City has evaluated the above criteria to determine whether any other entity meets the definition of a component unit and must be included in these financial statements. The component units discussed below are included in the City's reporting entity because of the significance of their operational or financial relationships with the City.

# Component Units

## West Plains Public Library Foundation

The West Plains Public Library Foundation, which is governed by an appointed Board of Directors, provides support for the West Plains Public Library. The West Plains Public Library Foundation is included in the financial statements of the City as a component unit due to its financial relationship with the City.

## South 160 Community Improvement District

Approved in 2005, the South 160 Community Improvement District, which is governed by a Board of Directors, provides support for financing improvements in the South 160 District. The formation of the District allows for the authorization of an additional 1% sales tax to make public improvements that will benefit the District and the City as a whole. This 1% sales tax was approved by the voters within the District and became effective October 2006. This District is an overlay for a Tax Increment Financing area.

# 63 By-Pass Community Improvement District

Approved in 2006, the 63 By-Pass Community Improvement District, which is governed by a Board of Directors, provides support for financing improvements in the 63 By-Pass District. The formation of the District allows for the authorization of an additional 1% sales tax to make public improvements that will benefit the District and the City as a whole. This 1% sales tax was approved by the voters within the District and became effective July 2007. This District is an overlay for a Tax Increment Financing area.

## Southern Hills Community Improvement District

Approved in 2008, the Southern Hills Community Improvement District, which is governed by a Board of Directors, provides support for financing improvements in the Southern Hills Community District. The formation of the District allows for the authorization of an additional ½% sales tax to make public improvements that will benefit the District and the City as a whole. This ½% sales tax was approved by the voters within the District and became effective in October 2009.

# Ozark Hills Community Improvement District

Approved March 14, 2014, the Ozark Hills Community Improvement District, which is governed by a Board of Directors, provides support for financing improvements in the Ozark Hills District. The formation of the District allows for the authorization of an additional sales tax of up to 1% to make public improvements that will benefit the District and the City as a whole. This 1% sales tax was approved by the voters within the District and became effective in October 2014.

## Ramseur Farm Community Improvement District

Approved September 19, 2016, the Ramseur Farm Community Improvement District, which is governed by a Board of Directors, provides support for financing improvements in the Ramseur Farms District. The formation of the District allows for the authorization of an additional sales tax of up to 1% to make public improvements that will benefit the District and the City as a whole.

## Government-Wide and Fund Financial Statements

The basic financial statements include both the government-wide (the Statement of Net Position and the Statement of Activities) and fund financial statements.

## Government-Wide Financial Statements

The government-wide statements display information about the government as a whole. Interfund activity has been eliminated from these statements to minimize the duplication of internal activities. Governmental activities, which are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely on fees and charges for services for support.

In the government-wide Statement of Net Position, both the governmental and business-type activities are consolidated and presented on the full accrual, economic resources basis of accounting. The consolidated presentation incorporates long-term assets and receivables as well as long-term debt and obligations, and it provides information to improve analysis and comparability.

The government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each function of the City's governmental and business-type activities. Direct expenses are those that are specifically associated with a program or a function. Program revenues include charges for goods or services offered by the programs and grants and contributions that are restricted to meet operating and capital expenses of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

# Fund Financial Statements

Separate fund financial statements report information on the City's governmental and proprietary funds. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column.

## CITY OF WEST PLAINS, MISSOURI NOTES TO FINANCIAL STATEMENTS March 31, 2019

# NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. Consequently, the emphasis on near-term inflows and outflows of resources do not present the long-term impact of transactions. Conversely, the proprietary fund statements incorporate the accrual basis of accounting and focus on the change in total economic resources. This presentation records long-term assets and liabilities, and recognizes revenues and expenses when transactions occur, regardless of their impact on the flow of cash. Since the accounting differs significantly between the governmental funds and the proprietary funds, it is necessary to convert the governmental fund data to arrive at the government-wide financial statements. Therefore, reconciliations have been provided following the Governmental Funds Balance Sheet and the Statement of Revenues, Expenditures and Changes in Fund Balance identifying categories that required conversion from the fund statements.

The City reports the following major governmental funds:

<u>General Fund</u>: The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

<u>Tax Increment Financing #1 Fund</u>: The Tax Increment Financing #1 Fund is used to account for resources restricted for debt service.

<u>Tax Increment Financing #2 Fund</u>: The Tax Increment Financing #2 Fund is used to account for resources restricted for debt service.

<u>Tax Increment Financing #3 Fund</u>: The Tax Increment Financing #3 Fund is used to account for resources restricted for debt service.

The City reports the following major proprietary fund:

<u>Utility Fund</u>: The Utility Fund accounts for the activities and capital improvements of the City's water, sewer, electric and sanitation operations.

## Capital Assets

Capital assets include land, buildings, improvements, equipment, and infrastructure assets (e.g., roads, bridges, storm sewers, and similar items) and are included in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets, excluding land, are defined by the City as assets with a cost of \$5,000 or greater and an estimated useful life of at least five years. All land purchases are capitalized regardless of cost. All purchased fixed assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated fixed assets are valued at their estimated fair market value on the date received. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

In conformity with GASB 34, infrastructure, such as streets and storm sewers, has been capitalized. Additionally, the City elected to depreciate its infrastructure assets. Depreciation is provided in amounts sufficient to relate the cost of the depreciable assets to operations over their estimated service lives on the straight-line basis. The service lives by type of asset are as follows:

Electric plant	20 - 40 years
Water and sewer systems	20 - 100 years
Structures and improvements	15 - 35 years
Machinery and equipment	5 - 15 years
Infrastructure	5 - 50 years
Vehicles	5 - 7 years

Expenditures for maintenance and repairs are charged to expense; renewals and betterments are capitalized.

## Pooled Cash And Cash Equivalents

The City pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash account is available to meet current operating requirements.

# Fair Value

The fair value measurement and disclosure framework provides for a fair value hierarchy that gives highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no significant changes from the prior year in the methodologies used to measure fair value. The levels of the fair value hierarchy are described below:

- Level 1 Inputs using quoted prices in active markets for identical assets or liabilities
- Level 2 Inputs using significant other observable inputs including quoted prices for similar assets or liabilities
- Level 3 Inputs are significant unobservable inputs

## Inventories

Inventories are stated at the lower of cost or market. Cost is determined using the average cost method. Inventory usage is recognized on the consumption method.

## Revenue Recognition - Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and are due and payable at that time. All unpaid taxes levied November 1 become delinquent after March 31 of that year.

## Compensated Absences

Employees earn vacation time based on the number of years' service to the City. Outstanding vacation leave is payable upon termination of employment. Compensated absences are recorded as a liability in the Statement of Net Position.

## Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## Interest Capitalization

Interest expense that relates to the cost of acquiring or constructing fixed assets in the Enterprise Funds is capitalized. Interest expense incurred in connection with construction of capital assets has been reduced by interest earned on the investment of funds borrowed for construction in accordance with GASB Accounting Standards Codification Topic No. 1400-120-137 – *Capitalization of Interest Cost*. There was no interest capitalized during the current fiscal year.

## Net Position

In the government-wide and proprietary fund financial statements, equity is displayed in three components as follows:

*Net Investment in Capital Assets* – This consists of capital assets, net of accumulated depreciation, less the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

*Restricted* – This consists of net position that is legally restricted by outside parties or by law through constitutional provisions or enabling legislation.

*Unrestricted* – This consists of net position that does not meet the definition of restricted or net investment in capital assets.

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the City first applies restricted net position.

# Fund Balance Classification

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on constraints imposed on the use of these resources as follows:

*Nonspendable fund balance* – This classification includes amounts that cannot be spent because they are either a) not in spendable form or b) legally or contractually required to be maintained intact.

*Restricted fund balance* – This classification reflects the constraints imposed on resources either a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

*Committed fund balance* – These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions of the City Council – the government's highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the Council removes the specified use by taking the same type of action imposing the commitment.

*Assigned fund balance* – This classification reflects the amounts constrained by the City's "intent" to be used for specific purposes, but are neither restricted nor committed. Assigned fund balances include all remaining amounts (except negative balances) that are reported in the governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.

*Unassigned fund balance* – This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

In circumstances when a disbursement is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned, and unassigned.

## Program Revenues

In the Statement of Activities, revenues that are derived directly from each activity or from parties outside the City's taxpayers are reported as program revenues. These include 1) charges for city court fines, licenses and permits, planning and zoning services, parks and recreation services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. All other governmental revenues are reported as general. All taxes are classified as general revenues, even if restricted for a specific purpose.

## **Operating Revenues and Expenses**

Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and services. All other revenues and expenses are considered nonoperating.

## Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. Currently, the City has two items that qualify for reporting in this category, deferred amounts relating to employer contributions to the retirement plan and deferred charge on debt refunding.

In addition to liabilities, the Statement of Net Position and Balance Sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position/fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Currently, the City has one item that qualifies for reporting in this category, deferred pension inflows relating to the retirement plan on the Statement of Net Position. These amounts are recognized as an inflow of resources in the period that the amounts become available.

# NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Pensions

For purposes of measuring the net pension asset/liability, deferred outflow of resources and deferred inflow of resources related to pensions, and pension expense, information about the fiduciary net position of the Missouri Local Government Employees Retirement System (LAGERS) and additions to/deductions from LAGERS fiduciary net position have been determined on the same basis as they are reported by LAGERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### Prior-Year Comparative Information

The financial statements include partial prior-year comparative information. Such information does not include all of the information required to constitute a presentation in accordance with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the City's financial statements for the year ended March 31, 2018, from which such partial information was derived.

#### NOTE B – CASH AND CASH EQUIVALENTS

State statutes require that the City's deposits be collateralized in the name of the City by the trust department of a bank that does not hold the collateralized deposits. As of March 31, 2019, \$201,309 was uninsured and uncollateralized.

The City of West Plains maintains a cash pool that is available for use by all government funds.

# NOTE C – INVESTMENTS

#### **Primary Government**

The City categorizes its investments within the fair value hierarchy as discussed in Note A. As of March 31, 2019, the City had the following recurring fair value measurements:

		N	ot Subject	F	air Value					
Investment Type	Maturity Dates	to Fair Value		to Fair Value		to Fair Value Level 1		Level 1	Total	
Certificates of Deposit	9/18/2020	\$	587,931	\$	-	\$	587,931			
Certificates of Deposit	6/20/2019 - 6/20/2021		-		495,500		495,500			
U.S. Treasury Notes (SLGS)	7/1/2020						485			
		\$	587,931	\$	495,985	\$	1,083,916			

#### Certificates of Deposit

Certificates of deposit with financial institutions are classified as investments but are considered deposits for custodial risk determination and are not subject to fair value measurement. State statutes require that the City's deposits be collateralized in the name of the City by the trust department of a bank that does not hold the collateralized deposits. As of March 31, 2019, all certificates of deposit are entirely insured or collateralized with securities.

#### U.S. Treasury Notes (SLGS)

City investments in U.S. Treasury Notes (SLGS) are from the 1996B bond issue. These investments are held in an irrevocable trust account with United Missouri Bank. The funds are invested in accordance with Section 165.051 of the Missouri Revised Statutes.

#### West Plains Public Library Foundation

The West Plains Public Library Foundation has \$394,271 invested with the Community Foundation of the Ozarks' pooled investment fund. Fair market value approximates cost as the Foundation has a pro-rata share of the fund.

# NOTE D – RESTRICTED ASSETS

# NOTE I – LONG-TERM LIABILITIES – GOVERNMENTAL ACTIVITIES (continued)

#### Capital Lease Agreement - Equipment

On June 26, 2014, the City entered into a lease purchase agreement to finance the purchase of a tractor. The agreement requires yearly payments of \$7,446, which includes interest at 2.54%.

On August 7, 2014, the City entered into a lease purchase agreement to finance the purchase of three Ford F-series trucks. The agreement requires yearly payments of \$12,237, which includes interest at 2.54%.

On October 19, 2014, the City entered into a lease purchase agreement to finance the purchase of a backhoe. The agreement requires yearly payments of \$12,872, which includes interest at 2.54%.

On May 25, 2016, the City entered into a lease purchase agreement to finance the purchase of golf equipment. The agreement requires yearly payments of \$11,210, which includes interest at 2.16%.

On August 29, 2016, the City entered into a lease purchase agreement to finance the purchase of three police vehicles. The agreement requires yearly payments of \$26,183, which includes interest at 2.16%.

On February 12, 2018, the City entered into a lease purchase agreement to finance the purchase of golf carts. The agreement requires monthly payments of 1,036 and final payment of 28,800, which includes interest at 4.80%

The City's lease purchase agreements provide for the cancellation of the lease at the City's option on the renewal dates each year per State statute, however the City does not foresee exercising its option to cancel. Therefore, these leases are accounted for as noncancellable capital leases in accordance with FASB Accounting Standards Codification Topic ASC-840-30-30 – *Accounting for Capital Leases*.

The following is a schedule of future lease payments under the lease (assuming noncancellation):

#### NOTE L – EMPLOYEE PENSION PLAN

#### General Information about the Pension Plan

*Plan Description.* The City's defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. The City participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo. 70.600-70.755. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

*Benefits Provided.* LAGERS provides retirement, death and disability benefits. Benefit provisions are adopted by the governing body of the employer, within the options available in the state statutes governing LAGERS. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 (55 for police and fire) with 5 or more years of service are entitled to an allowance for life based upon the benefit program information provided below. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 (50 for police and fire) and receive a reduced allowance.

	2018 Valuation
Benefit Multiplier	1.60% for life, plus 0.40% to age 65
Final Average Salary	3 Years
Member Contributions	0%

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

*Employees Covered by Benefit Terms.* At June 30, 2018, the following employees were covered by the benefit terms:

	General	Police	Fire	Total
Retirees and beneficiaries	98	23	22	143
Inactive, nonretired members	43	19	19	81
Active members	148	25	16	189
	289	67	57	413

#### NOTE L – EMPLOYEE PENSION PLAN (continued)

*Contributions*. The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year. With an additional amount to finance an unfunded accrued liability. Full-time employees of the employer contribute 4% of their gross pay to the pension plan. Employer contribution rates are 13.4% (General), 11.0% (Police), and 2.8% (Fire) of annual covered payroll.

*Net Pension Liability/Asset.* The employer's net pension liability/asset was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability/asset was determined by an actuarial valuation as of February 28, 2018.

*Actuarial Assumptions*. The total pension liability in the February 28, 2018, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.25% wage inflation; 2.50% price inflation
Salary Increase	3.25% to 6.55% including wage inflation for general and police
	3.25% to 7.15% wage inflation for fire
Investment rate of return	7.25%, net of investment expenses

The healthy retiree mortality tables, for post-retirement mortality, were the RP-2014 Healthy Annuitant mortality table for males and females. The disabled retiree mortality tables, for post-retirement mortality, were the RP-2014 disabled mortality table for males and females. The pre-retirement mortality tables used were the RP-2014 employees mortality table for males and females.

Both the post-retirement and pre-retirement tables were adjusted for mortality improvement back to the observation period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above described tables.

The actuarial assumptions used in the February 28, 2018, valuation were based on the results of an actuarial experience study for the period March 1, 2010 through February 28, 2015.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

# NOTE L – EMPLOYEE PENSION PLAN (continued)

	Target	Long-Term Expected
Asset Class	Allocation	Real Rate of Return
Equity	43.00%	5.16%
Fixed Income	26.00%	2.86%
Real Assets	21.00%	3.23%
Strategic Assets	10.00%	5.59%

*Discount Rate*. The discount rate used to measure the total pension liability is 7.25%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

#### Payable to the Pension Plan

The City had \$73,091 of outstanding amounts of contributions to the pension plan required for the year ended March 31, 2019.

#### NOTE M - RISK MANAGEMENT

The City is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has transferred its risk by obtaining coverage from a public self-insured insurance pool. In addition, it has effectively managed risk through various employee education and prevention programs. There has been no significant reduction in insurance coverage from the previous year.

#### NOTE N – INTERNAL BALANCES

Internal balances as of March 31, 2019, consisted of the following:

			Tax	Increment	Tax I	ncrement	
	General		1 Financin		Financing #3		Utility
		Fund	]	Funds		unds	Fund
Internal balances	\$	35,208	\$	1,772	\$	(239)	\$ (36,741)

During the course of its operations, the City has numerous transactions between funds to finance operation, provide services, construct assets and service debt. To the extent that certain transactions between funds had not been paid or received as of March 31, 2019, balances of interfund amounts receivable or payable have been recorded within the fund financial statements.

#### NOTE O – CONDUIT DEBT

On December 1, 2013, the City authorized the issuance of \$7,500,000 aggregate maximum principal amount of Taxable Industrial Development Revenue Bonds (Hoover Brothers Farms, Inc. Project), Series 2013. The issuance is Chapter 100 debt in order to provide economic financial assistance to a third-party private entity and the City has no obligation beyond the rents, revenues, and receipts derived by the City from the Project; therefore, the issue does not constitute a debt of the City and, accordingly, are not included in the City's statement of net position. The bonds are issued as the Project proceeds. At March 31, 2019, the amount issued and outstanding was \$2,012,127.

#### NOTE P - CLAIMS AND ADJUSTMENTS

The City participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulation, the City may be required to reimburse the grantor government. As of March 31, 2019, expenditures have not been audited by grantor governments, but the City believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual government funds or the overall financial position of the City.

# NOTE Q – DEBT REFUNDING LOSS

On January 6, 2014, the City issued \$3,230,000 in Series 2014 Waterworks System Refunding Revenue Bonds with interest rates ranging from 2.0% to 2.20%. The City issued the bonds to refund \$3,710,000 of outstanding Series 2006 Waterworks System Refunding Revenue Bonds with interest rates ranging from 4.0% to 4.45%.

The Series 2014 refunding assumed the deferred charge on the Series 2006 advance refunding of the Series 2000 Waterworks System Revenue Bonds. The previous refunding resulted in the recognition of a deferred charge on refunding in the Utility Fund of \$332,146. The amount of deferred charge assumed with the Series 2014 refunding on January 6, 2014, was \$160,538. The deferred charge is being amortized as an adjustment to interest expense over a period of six years.

On September 6, 2011, the City issued \$6,260,000 in Series 2011 Sewerage System Refunding Revenue Bonds with interest rates ranging from 2.50% to 3.65%. The City issued the bonds to refund \$5,955,000 of outstanding Series 2004 Sewerage System Revenue Bonds with interest rates ranging from 3.45% to 5.125%.

The advanced refunding resulted in the recognition of a deferred charge on refunding in the Utility Fund of \$258,556. The deferred charge is being amortized as an adjustment to interest expense over a period of 14 years.

A summary of the deferred charge on debt refunding is listed below:

#### NOTE S – SHORT-TERM DEBT

#### **Southern Hills Community Improvement District**

On July 1, 2010, the Southern Hills Community Improvement District issued a sales tax revenue note, not to exceed \$1,500,000, in order to pay a portion of the development project costs. The note will be repaid from net sales tax revenues the District will receive, and matures on August 10, 2019. Principal and interest payments are due monthly, with interest at 5.25% per annum.

On August 27, 2018, the Southern Hills Community Improvement District signed a promissory note with West Plains Bank and Trust Company not to exceed \$900,150. The note calls for monthly interest payments at 5.25% and outstanding principal upon maturity on August 27, 2019.

Activity for the year ended March 31, 2019, is summarized below:

	Balance March 31,			Balance March 31,

	\$ 2,496,288	\$ 3,401,293	\$ 2,935,833	\$ 2,961,748

#### NOTE T – PLEDGED REVENUES

The City has pledged future water and sewer customer revenues to repay the Series 2011 and 2014 revenue bonds issued to improve and expand the water and sewer system. The bonds are payable solely from customer net revenues and are payable through 2025. Net revenues are revenues of the system less expenses of the system with the exception of depreciation. The total principal, interest and fees remaining to be paid on the bonds is \$4,339,006 Principal and interest paid for the current year and total customer net revenues were \$1,049,493 and \$4,165,392, respectively.

The City has pledged future sales tax revenues to repay the Series 2012 and 2015 Certificates of Participation issued for the purpose of refunding the Series 2006 COP and to finance various projects in the City. The lease purchase is payable solely from tax revenues of the City and is payable through 2025. The total principal and interest remaining to be paid on the lease is \$5,335,614.

The Southern Hills Community Improvement District has pledged future sales tax revenue to repay the sales tax revenue note issued on July 1, 2010. The lease is payable solely from net sales tax revenues of the District and is due no later than April 10, 2019. The total principal remaining to be paid on the lease is \$2,372,990 with interest payable at 5.25% per annum.

#### NOTE U – DEFERRED REVENUE

Revenue has not been realized for receivables not expected to be collected within sixty days of year-end but are expected to be collectible. Deferred revenue as of March 31, 2019, consists of the following:

Court fines	\$ 60,006
Other	 14,520
	\$ 74,526

# NOTE V – TAX INCREMENT FINANCING DISTRICTS AND COMMUNITY IMPROVEMENT DISTRICTS

TIF #1 is committed to repay the developer for public infrastructure improvements in the TIF #1 District. There is no debt on the City's part. However, the City is obligated to repay \$500,000 of public infrastructure improvements to the extent that taxes are collected within this District. The City is only obligated if taxes are collected, and through May 2026. As of March 31, 2019, the City has paid the developer \$351,911, leaving a remaining balance of \$148,089.

TIF #2 and CID #1 overlay one another. TIF #2 taxes are collected along with sales taxes of CID #1 and are pledged to repay the Bond anticipation note, which was used for public improvements. The City is only obligated if taxes are collected, and through October 2028.

# NOTE W – TAX ABATEMENTS

Tax Abatement Program	Type of Tax Abated	Amount of Taxes Abated			
Tax Increment Financing Districts	Sales tax	\$ 379,330

		\$ 495,601			

The amount of foregone tax revenues for the year ending March 31, 2019, consisted of the following:

#### NOTE W - TAX ABATEMENTS (continued)

- The City has entered into three Tax Incremental Financing (TIF) Districts which are economic development tools which redirects local tax revenues towards the redevelopment of eligible properties that are otherwise economically unfeasible. Sections 99.800-99.865, RSMo, the Real Property Tax Increment Allocation Redevelopment Act, enables cities to finance certain redevelopment costs with the incremental tax revenue generated by the net increase in assessed valuation resulting from the redevelopment. The purpose of the three TIF Districts is to remove blight, improve roads and traffic flow, and attract new retail development and restaurants.
- The City has entered into one agreement under the Urban Redevelopment Corporation Law, or Chapter 353, which is an economic development tool to encourage redevelopment of blighted areas. Under Sections 353.010-353.190, RSMo, the Urban Redevelopment Corporation has a tax abatement available for 25 years. During the first 10 years, the property is not subject to real property taxes except in the amount of real property taxes assessed on the land during the calendar year during with the Urban Redevelopment Corporation acquired title to the real property. For the remaining 15 years, the property may be assessed up to 50% of its true value. The purpose of the abatement is to tear down a blighted hotel and build a new hotel.
- The City and Howell County have entered into one agreement under the Enhanced Enterprise Zones Program which is designed to attract new or expanding businesses to the area. Under Sections 135.950-135.970, RSMo., in order for a manufacturer, distributor, or certain service industries to qualify for the 50% tax abatement for 10 years, the business must meet certain minimum criteria depending on the type of business facility. New or expanded business facilities must have two new employees and \$100,000 in new investment. Replacement business facilities must have two new employees and \$1,000,000 in new investment. Both types of business facilities must also offer health insurance to full time employees in Missouri, of which at least 50% is paid by the employer. The purpose of the abatement is to encourage job creation in blighted areas within the City.
- The City has entered into one agreement under the Chapter 100 Industrial Development Act which allows cities or counties to purchase or construct certain types of projects with bond proceeds and lease the project to a company under Sections 100.010-100.200, RSMo. Eligible projects include the purchase, construction, extension and improvement of warehouses, distributions facilities, research and development facilities, office industries, agricultural processing industries, service facilities which provide interstate commerce, and industrial plants. Since the city or county owns the property and leases it to the company, an amount of the property taxes can be abated for a term agreed on by the city or county issuer and the company. The purpose of the abatement is to encourage job creation and maintain at least 250 employees on-site for 15 years.

**Notes:** The roll-forward of total pension liability from February 28, 2018 to June 30, 2018, reflects expected service cost and interest reduced by actual benefit payments and administrative expenses.

#### Methods and Assumptions Used to Determine Contribution Rates

Actuarial Cost Method - Entry Age Normal and Modified Terminal Funding

*Amortization Method* – A level percentage of payroll amortization method is used to amortize the UAAL over a closed period of years. If the UAAL (excluding the UAAL associated with benefit charges) is negative, then this amount is amortized over the greater of (i) the remaining initial amortization period or (ii) 15 years.

*Remaining Amortization Period* – Multiple bases from 12 to 15 years for general division 15 years for the police and fire divisions

Asset Valuation Method - 5-Year smoothed market; 20% corridor

Inflation – 3.25% wage inflation; 2.50% price inflation

Salary Increases – 3.25% to 6.55% including wage inflation for the general and police divisions 3.25% to 7.15% including wage inflation for the fire division

Investment Rate of Return – 7.25%, net of investment expenses

Retirement Age - Experience-based table of rates that are specific to the type of eligibility condition

*Mortality* – The healthy retiree mortality tables, for post-retirement mortality, were the RP-2014 Healthy Annuitant mortality table for males and females. The disabled retiree mortality tables, for post-retirement mortality, were the RP-2014 disabled mortality table for males and females. The pre-retirement mortality tables used were the RP-2014 employees mortality table for males and females.

Both the post-retirement and pre-retirement tables were adjusted for mortality improvement back to the observation period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above described tables.

Other Information – None

### CITY OF WEST PLAINS, MISSOURI NOTE TO BUDGETARY COMPARISON SCHEDULES Year Ended March 31, 2019

#### Budgets and Budgetary Accounting

The City utilizes the following procedures in establishing the budgetary data reflected in the financial statements:

- 1. Prior to April, Administration submits to the City Council a proposed operating budget for the fiscal year commencing the following April 1. The operating budget includes proposed expenditure plans for all fund types and the proposed means of financing them.
- 2. One public hearing is conducted by the City Council in late February or early March to obtain taxpayers' comments on the proposed budget and tax levy.
- 3. Prior to April 1, ordinances are passed by Council which provide for legally adopted budgets for all funds of the City.
- 4. The City operates on a program performance budget system, with legally adopted budgets prepared by fund, program and department. The level of budgetary control is at the department level. The City's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of City Council.
- 5. Formal budgetary integration is employed as a management control device for all funds of the City.
- 6. Budgets for the General and Special Revenue Funds are adopted on a basis consistent with GAAP. Budgeted amounts may be amended during the year by City Council on approved budget adjustment forms.

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and City Council City of West Plains West Plains, Missouri

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, the discretely presented component units, and each major fund of the City of West Plains, Missouri, as of and for the year ended March 31, 2019, and the related notes to the financial statements, which collectively comprise the City of West Plains, Missouri's basic financial statements, and have issued our report thereon, dated September 5, 2019.

#### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of West Plains, Missouri's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of West Plains, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe that a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of West Plains, Missouri's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of West Plains, Missouri's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of West Plains, Missouri's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Honorable Mayor and City Council City of West Plains West Plains, Missouri

#### **Report on Compliance for Each Major Federal Program**

We have audited the City of West Plains, Missouri's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the City's major federal program for the year ended March 31, 2019. The City of West Plains, Missouri's major federal program is identified in the summary of audit results section of the accompanying schedule of findings and questioned costs.

#### **Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for the City of West Plains, Missouri's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Audits* (Uniform Guidance). Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we consider necessary in the circumstances.

Main Street, Suite 200 Branson, MO 65616 | 417-334-2987 | fax 417-336-3403 Member of The Leading Edge Alliance We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the City of West Plains, Missouri's compliance.

# **Opinion on Each Major Federal Program**

In our opinion, the City of West Plains, Missouri, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended March 31, 2019.

# **Report on Internal Control Over Compliance**

Management of the City of West Plains, Missouri, is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

Honorable Mayor and City Council City of West Plains West Plains, Missouri

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
