Re: Surplus Property

Executive Summary

Dear City Council Members,

We are seeking permission to sell a Kabota mower currently owned by the Parks office due to the high cost of repairs needed to make it operational and its age, which makes it difficult to operate. Our assessment indicates that it would be more feasible financially to sell it and reinvest the money in a new mower at a later date.

Moreover, we have purchased a new mower this year, and we are still sufficiently equipped with mowers for our immediate needs. We believe that it would serve us better to dispose of the Kabota mower, which is not as cost-effective to maintain, rather than investing in its repairs.

So we request your approval to sell the Kabota mower by the Parks office. We appreciate your consideration of this matter and remain available to provide additional information if necessary.

Thank you,

Mike Davis
Parks Manager
