Re: Adoption of City Fees – Exhibit A

### **Executive Summary**

Staff recommends adoption of Exhibit A to update the listing of city fees in the City Code.

### **Discussion**

The city maintains a consolidated list of fees titled Exhibit A, which is part of the city code. This list was reviewed and edited as part of the annual budget process. Departments reviewed the list for reasonableness and to ensure that the cost of the services provided were covered by fees where deemed appropriate.

The list of revised fees were included in the budget work session held on September 15. Any items which have changed from the most recently adopted fee schedule are marked in gold or struck-through in red on Exhibit A. These mark-ups will be removed on the final copy for the second reading of the ordinance, but are provided for first reading to highlight differences and facilitate review of the fee schedule.

### **Fiscal Impact**

The list of fees attached as Exhibit A is anticipated to have some financial impact on revenues which has been accounted for in the proposed budget presented during the budget work session held September 15.
